[Usage method]

Turn the spray nozzle to ON. Spray liberally the space or 20-30 cm from object with the product. After use, turn the spray nozzle to OFF and store upright.

[Cautions]

- Do not use this product with other chemicals.
- This product is not safe to drink.
- Keep out of the reach of children.
- Depending on the color, discoloration may occur when used on fabrics (especially dark colors).
- Take care not to damage, knock over, or drop the container.
- Do not pull the trigger with the spray nozzle OFF.
- Do not use directly onto people or pets.
- Do not use for purposes other than the intended applications.
- Store in a cool and dark place away from high temperatures, direct sunlight, and risk of freezing.

[First Aid]

- If this product is accidentally ingested, do not induce vomiting. Drink 1-2 glasses of water. If any adverse symptoms persist, consult a doctor and present the product to him/her.
- If the product comes into contact with the eyes, rinse immediately with running water for at least 15 minutes and seek medical advice if any adverse symptoms occur.
- Should anyone feel sick while using the product, immediately stop use and seek medical advice if adverse symptoms persist.
